SYSTEM TEST PLAN

Project Name: **FETCH: Inventory Management System with Predictive Analytics for Risha Pet Supplies**

Date:

Project Manager: **Juan Carlo Reusora and Joylinda Jugan**

Run/Tested by:

Legend:

- **Passed (Result is same as expected)**
- **Failed (Actual result is NOT same as expected result)**
- **In Progress (Test is still in progress or not yet done)**
- **Open (Not yet tested)**

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
ALL ROLES — ADMINISTRATOR, CASHIER AND SUPPLIER							
Sign In Module							
	1	Sign in page					
			Check if the Sign in page opens: open https://risha-pets.onrender.com in the browser	The Sign in page opens with the Username and Password fields, the eye icon, "Keep me signed in", the "Sign in" button and "Forgot your password?"			
			Check if the password can be shown and hidden: type a password, click the eye icon in the Password field, then click it again	The password is shown as plain text and the eye icon changes to a crossed-out eye. Clicking it again hides the password as dots and the open eye returns			
	2	Wrong sign in					
			Check if the username is empty: leave Username empty, then click the "Sign in" button	A small note "Please fill out this field." appears on Username. The Sign in page stays open			
			Check if the password is wrong: enter the username with a wrong password, then click the "Sign in" button	"Invalid username or password" appears. The Sign in page stays open			
			Check if sign-in stops after too many tries: enter a username that has no account, with any password, 6 times	After the 5th try, "Too many login attempts. Try again in (seconds)s." appears and sign-in is refused for that username			
	3	Forgot password					
			Check if the reset needs a username: leave Username empty, then click "Forgot your password?"	"Enter your username first." appears above Username. The reset box does not open			
			Check if the reset box opens: type the username, then click "Forgot your password?"	The "Reset your password" box opens with the username filled in and the "Ask for a reset" and "Cancel" buttons			
			Check if the reset can be cancelled: click "Cancel"	The box closes. The Sign in page shows again			
			Check if the reset box needs a username: click	A small note "Please fill out this field." appears.			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			"Forgot your password?" again, clear the "Username or email" box, then click "Ask for a reset"	Nothing is sent			
			Check if a reset can be asked for: type the username again, then click "Ask for a reset"	"Request sent. If the account exists, the reset email will follow." appears			
			Check if the reset email arrives: open the email inbox of the account	An Administrator gets the reset email right away. A Cashier or Supplier gets it after the Administrator clicks "Approve and email link" in Users			
			Check if the reset link opens: click the link in the reset email	The "Choose a new password" page opens with New password and Confirm password			
			Check if the new password has no number: enter a new password without a number, then click "Save new password"	"Password must contain at least one number (0–9)" appears. The password does not change			
			Check if the two passwords do not match: enter a different password in Confirm password, then click "Save new password"	"Passwords do not match." appears. The password does not change			
			Check if a valid new password is saved: enter and confirm a new password with an uppercase letter, a lowercase letter, a number and a special character, then click "Save new password"	"Password has been reset. You can now sign in." appears, then the Sign in page opens			
			Check if the reset link was already used: click the same link in the reset email again	"This reset link is invalid or has expired. Please request a new one." appears			
	4	Email confirmation					
			Check if a new account's email is confirmed: open the confirmation link sent to a new account's email	The page says the address is confirmed and the account can now sign in			
	5	Sign in					
			Check if a valid account can sign in: enter the username and the password, tick "Keep me signed in", then click the "Sign in" button	Goes to the home page of the account: Administrator to the Dashboard, Cashier to the Point of Sale, Supplier to the Supplier Portal			
			Check if "Keep me signed in" keeps the session: close the browser, then open https://risha-pets.onrender.com again	The user is still signed in and goes straight to the home page			
ADMINISTRATOR							
Dashboard Module							
	1	Dashboard					
			Check if the Dashboard shows the shop's figures:	The Dashboard appears with Total Products, Total			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			signed in as Administrator, look at the Dashboard	Revenue, Restock Needed, Expiring Soon and Inventory value, the sales chart, recent sales, products to restock, expiring products and purchase orders			
			Check if the sidebar shows the Administrator's pages: look at the sidebar and the top bar	The sidebar shows Dashboard, Inventory, Sales history, Suppliers, Reports and Users, then the user's name with the role "Administrator", the Settings icon, the theme icon and the Logout icon. The top bar shows "Jump to…" and the Notifications bell			
	2	Expiring products					
			Check if the expiring products are listed: click the "Within 30 days" card in Expiring products	A window lists the products expiring within 30 days, with their expiration date and quantity			
			Check if the window closes: click the "Close" button	The window closes and the Dashboard appears			
	3	Purchase orders					
			Check if a purchase order moves to its next status: click the status button of a purchase order in Purchase orders, then click the "Yes, Update" button	"Order updated" appears with "(PO) is confirmed — mark it Shipped when the supplier dispatches it." (or "(PO) is on its way — mark it Received when the goods arrive."), and the order shows its new status			
	4	Top bar and sidebar					
			Check if Jump to opens a product: click "Jump to…" (or press Ctrl + J), type the name of a product, then press Enter	Goes to Inventory, where only the chosen product is listed			
			Check if the assistant opens: click the FETCH Assistant & Help button	The FETCH Assistant & Help window opens			
			Check if the assistant answers: type a question, then send it	The assistant's answer appears			
			Check if the bell lists the latest notices: click the Notifications bell	A list opens beside the bell with the latest notifications, and the number on the bell shows how many are unread			
			Check if all notifications open: click "View all notifications →"	Goes to the Notifications page			
			Check if the theme switches: click the theme (moon) icon, then click it again	The screen turns dark and the moon icon changes to a sun. Clicking the sun turns the screen light again and the moon returns			
			Check if the sidebar collapses: click the Risha logo at the top of the sidebar (it has a small arrow badge and the hint "Hide the menu"), then click	The sidebar narrows to icons only and the logo shows a right-pointing arrow badge with "Show the menu". Clicking the logo again shows the full			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			the logo again	sidebar			
Inventory Module							
	1	Product list					
			Check if the Inventory page opens: click "Inventory" in the sidebar	The Inventory page opens with the figures in one strip (Total products, Restock needed, Expiring soon, Total inventory value, Over max level) and the product list			
			Check if the card and table views switch: click "Card view", then "Table view"	The products are shown as cards, then as a table			
			Check if each status chip lists its products: click the status buttons "Restock needed", "Low stock", "Out of stock", "Expiring soon", "Expired", "Healthy", then "All"	Each button lists only the products with that status ("Restock needed" lists low and out of stock together). "All" lists every product again			
	2	Add product					
			Check if the Add product window opens: click the "Add" button	The Add new product window opens			
			Check if the SKU fills in from the product type: enter the Product name, choose the Category and the Product type, enter the Unit price, Stock on hand and Reorder level, and choose the Supplier	The SKU fills in by itself from the product type (for example DRY-121). Each field is checked when it is left			
			Check if a barcode is generated: click the "Generate" button beside Barcode	A 12-digit in-store barcode starting with 2 is filled in			
			Check if a picture can be added: click "More details (optional)", click the "Upload" button and choose a picture	The extra fields appear, and the picture's preview is shown			
			Check if a complete product is saved: click the "Save product" button	"Product added" appears with the SKU given. The window closes and the product is in the list			
			Check if adding can be cancelled: click "Add", then the "Cancel" button	The window closes without saving. Inventory shows again			
			Check if the product name is empty: click "Add", leave Product name empty, then click the "Save product" button	"Enter the product name." appears under Product name and nothing is saved			
			Check if letters can be typed in the price: click "Add" and type letters in Unit price	The letters are not typed: Unit price takes numbers only			
			Check if the cost is above the price: click "Add", enter 120.50 as the Unit price and 150 as the Cost price	"The cost price (₱150.00) is higher than the unit price (₱120.50): the shop would lose money on each sale. Check both prices." appears			
			Check if the product name is already used: click "Add", enter a Product name another product	The confirmation box "This name is already in use" appears with the other product and its SKU			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			already has, then click the "Save product" button				
			Check if the barcode is not 8, 12 or 13 digits: click "Add", type 1111 in Barcode, then click the "Save product" button	"A barcode is 8, 12 or 13 digits. This one has 4." appears under Barcode and nothing is saved			
			Check if the expiration date is less than 7 days away: click "Add" and type today's date in Expiration date	"The expiration date must be at least 7 days from today: (date) or later." appears under Expiration date as soon as the date is typed, and the product cannot be saved			
			Check if the picture is larger than 10 MB: click "Add", click "More details (optional)", click the "Upload" button and choose a picture larger than 10 MB	"This picture is (n) MB. Choose one of 10 MB or less." appears and the picture is not added			
	3	Product details					
			Check if the product details open: click the "View" button on a product	The Product details window opens with the SKU, the Barcode (or "None yet") and the other details			
			Check if a product edit is saved: click the "Edit" button, change the Unit price, then click the "Save product" button	"Product updated" appears and the new price is shown			
			Check if a product is deleted: click the "Delete" button, then the "Yes, Delete" button	"Product deleted" appears. The product leaves the list			
			Check if deleting can be cancelled: click the "Delete" button, then the "Cancel" button	The confirmation box closes. The product stays in the list			
			Check if the window closes: click the "Close" button	The window closes. Inventory shows again			
	4	Reorder					
			Check if the low products are listed: click the "Reorder" button	A window lists the products at or below their reorder level			
			Check if products can be selected: tick the products, then click "Reorder Selected"	The "Final check" confirmation box appears			
			Check if purchase orders are created: click the "Yes, Create Orders" button	"Purchase orders sent" appears with how many orders were made and the suppliers they were emailed to. Any notes (for example a product skipped for having no supplier) are listed under it in the same message			
			Check if the reorder can be cancelled: click "Reorder Selected" again, then the "Cancel" button	The confirmation box closes. No purchase order is created			
			Check if nothing needs reordering: click the "Reorder" button when no product is at or below	"No products need reordering" appears			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			its reorder level				
	5	Bulk actions					
			Check if a product is picked by clicking its card: click on two product cards (not on their buttons)	Each card is outlined and its tick box is ticked. A bar with "(n) selected", "Bulk reorder", "Adjust stock", "Delete" and "Clear" appears at the bottom of the screen and stays there while scrolling			
			Check if every product shown is selected: tick "Select all products shown" above the cards	Every product shown is ticked and the bar shows how many are selected			
			Check if stock is added to the selected products: click "Adjust stock", choose "Add stock", enter 5, click "Continue", then the "Yes, Adjust" button	"Stock adjusted" appears with "Updated (n) of (n) selected products." and each product's stock goes up by 5			
			Check if stock is removed from the selected products: pick the products again, click "Adjust stock", choose "Remove stock", enter 2, click "Continue", then the "Yes, Adjust" button	"Stock adjusted" appears and each product's stock goes down by 2			
			Check if the adjustment can be cancelled: click "Adjust stock", then the "Cancel" button	The window closes and the stock does not change			
			Check if the quantity is not a whole number: click "Adjust stock", type 10+10, then click "Continue"	""10+10" is not a whole number. Type one number only, like 10 (no + or - signs, no letters). Use Add stock or Remove stock above to choose which." appears and the window stays open			
			Check if more is removed than is in stock: choose "Remove stock", enter more than a picked product has, click "Continue", then the "Yes, Adjust" button	The result lists that product under "Not changed" with "Only (n) in stock: you cannot remove (qty)." and its stock does not change			
			Check if the selection clears: click the "Clear" button	The ticks are removed and the bar closes			
	6	Import products					
			Check if the Import window opens: click the "Import" button	The Import Products from CSV window opens			
			Check if the template downloads: click the "Download template" button	The CSV template is saved to the computer			
			Check if products are imported: choose a filled CSV file, then click the "Import products" button	"Import complete" appears with how many products were added			
			Check if the import can be cancelled: click the "Cancel" button	The window closes. Inventory shows again			
			Check if the CSV has no sku or name column: click "Import" and choose a CSV file without the sku or name column	"Missing required columns: sku, name" appears and nothing is imported			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
	7	Barcodes and images					
			Check if a barcode is saved: click the "Barcodes" button, scan or type a product's barcode, then press Enter	The barcode is saved for that product			
			Check if the window closes: click the "Done" button	The window closes. Inventory shows again			
			Check if the barcode is already used: click "Barcodes", tick "Show all", type a barcode another product already uses, then press Enter	"The barcode (code) is already used by (product) (SKU (sku)). Each product needs its own barcode." appears			
			Check if the barcode is not 8, 12 or 13 digits: click "Barcodes", type 1111 for a product, then press Enter	"A barcode is 8, 12 or 13 digits. This one has 4." appears and the barcode is not saved			
			Check if a product picture is saved: click the "Images" button and upload a picture for a product	The picture is saved for that product			
			Check if the window closes: click the "Done" button	The window closes. Inventory shows again			
Sales History Module							
	1	Sales list					
			Check if the Sales page opens: click "Sales" in the sidebar	The Sales page opens with the Total sales amount, Total transactions and Today's Sales figures in one strip and the list of sales			
			Check if the sales are filtered by date: choose a From and a To date, then click the "Filter" button	Only the sales between those dates are listed			
			Check if the filter clears: click the "Clear" button	Every sale is listed again			
			Check if no date is chosen: click the "Filter" button without choosing any date	"Select a date range" appears			
			Check if From is later than To: choose a From date later than the To date, then click the "Filter" button	"The start date is after the end date" appears			
			Check if the From date is before the first sale: type a From date before the first sale recorded in FETCH, then click the "Filter" button	"The first sale in FETCH was on (date). Choose that day or later." appears and the list does not change			
			Check if the date is in the future: type a To date after today, then click the "Filter" button	"Choose today or an earlier date: there are no sales in the future." appears and the list does not change			
	2	Sale details					
			Check if the sale details open: click "View" on a sale	The Sale Details window opens with the items, totals, cashier and payment, and the "Close" and			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
				"Print receipt" buttons			
			Check if the receipt prints: click the "Print receipt" button	The receipt appears for printing			
			Check if the window closes: click the "Close" button	The window closes. Sales shows again			
	3	Delete a sale					
			Check if a sale is deleted: click the trash (Delete) button in a sale's row, then the "Yes, Delete" button	The question explains that Void keeps the sale on record. After "Yes, Delete", "Sale deleted" appears and the sale leaves the list			
			Check if deleting can be cancelled: click the trash (Delete) button in a sale's row, then the "Cancel" button	The confirmation box closes. The sale stays			
	4	Void a sale					
			Check if a sale is voided: click "Void" on a sale, enter the reason, then click the "Void Sale" button	"Sale voided" appears. The items return to stock and the sale is marked Voided			
			Check if the void can be cancelled: click "Void" on a sale, then the "Cancel" button	The window closes. The sale is not voided			
			Check if the void reason is empty: click "Void" on a sale, leave the reason empty, then click the "Void Sale" button	"A reason is required to void a sale" appears and the sale is not voided			
	5	Export					
			Check if the sales are exported: click the "Export CSV" button	The CSV file is saved and "Sales exported successfully" appears			
			Check if there are no sales to export: filter to dates with no sales, then click the "Export CSV" button	"No sales to export" appears			
	6	End of day					
			Check if the End of day window opens: click the "End of day" button	The End of day cash count (whole shop) window opens with the expected cash			
			Check if the cash counted is empty: click "End of day", leave the cash counted empty, then click the "Save count" button	"Cash counted is not a valid amount" appears and nothing is saved			
			Check if the business date is in the future: type a Business date after today	"You cannot count a day that has not happened yet. Choose today or an earlier date." appears and the date goes back to today			
			Check if the cash count is saved: enter the cash counted, then click the "Save count" button	The count is saved with Balanced, Over by or Short by			
			Check if the count can be cancelled: click the	The window closes without saving. Sales shows			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			"Cancel" button	again			
Suppliers Module							
	1	Supplier list					
			Check if the Suppliers page shows the ratings: click "Suppliers" in the sidebar	The Suppliers page opens with each supplier's stars in the Rating column			
	2	Add supplier					
			Check if the Add supplier window opens: click the "Add supplier" button	The Add New Supplier window opens			
			Check if a complete supplier is saved: fill in Supplier name, Contact person, Email, Phone and Payment terms, then click the "Save supplier" button	"Supplier added" appears and the supplier is in the list			
			Check if adding can be cancelled: click "Add supplier", then the "Cancel" button	The window closes without saving. Suppliers shows again			
			Check if the supplier name is empty: click "Add supplier", leave Supplier name empty, then click the "Save supplier" button	A small note "Please fill out this field." appears on Supplier name and nothing is saved			
			Check if the email has no @: enter an email without @, then click the "Save supplier" button	A small note "Please include an '@' in the email address." appears			
			Check if the phone number has letters: enter a phone number with letters, then click the "Save supplier" button	"Enter the phone number in digits (at least 7)." appears			
			Check if the supplier name is already used: enter a supplier name that is already on the list, then click the "Save supplier" button	"A supplier with this name is already on the list." appears			
	3	Edit and delete					
			Check if a supplier edit is saved: click "Edit" on a supplier, change the phone, then click the "Save supplier" button	"Supplier updated" appears			
			Check if a supplier is deleted: click "Delete" on a supplier, then the "Yes, Delete" button	"Supplier deleted" appears and the supplier leaves the list			
			Check if deleting can be cancelled: click "Delete" on a supplier, then the "Cancel" button	The confirmation box closes. The supplier stays			
	4	Performance and emails					
			Check if the star rating and history are shown: click "Performance" (or the stars) of a supplier	The star rating with each condition ticked or crossed, and the purchase order history, appear			
			Check if the window closes: click the close (×) button	The window closes. Suppliers shows again			
			Check if the email history is shown: click "Emails"	The Email history window opens with the read			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			of a supplier	receipts			
			Check if the window closes: click the "Close" button	The window closes. Suppliers shows again			
	5	Purchase orders					
			Check if the Orders view opens: click the "Orders" view	Orders on the way, Offered by suppliers, Price changes to decide, and Delivered, not yet paid appear			
			Check if an order is marked confirmed: click "Mark confirmed" on a waiting order, then "Yes, update"	The order is marked confirmed			
			Check if an order is marked shipped: click "Mark shipped" on the order, then "Yes, update"	The order is marked on its way			
			Check if the expiration date is less than 7 days away: click "Receive into stock" and enter an expiration date less than 7 days from today	"The expiration date must be at least 7 days from today: (date) or later." appears and the order is not received			
			Check if an expired product has no new date: click "Receive into stock" on an order with an expired product and leave the expiration date empty	"Enter the new batch's expiration date: the current one has already passed." appears and the order is not received			
			Check if a received order adds stock: click "Receive into stock", enter the new batch's expiration date, then click "Receive into stock"	The order is received and the quantities are added to stock			
			Check if an order is cancelled: click "Cancel order" on an order, then the "Cancel order" button	The order is marked cancelled			
			Check if an offer is accepted: click "Accept offer" on a supplier's offer, then "Accept offer"	The offer becomes a confirmed order			
			Check if a new price is accepted: click accept on a proposed price, then "Accept price"	"Price updated in inventory." appears			
			Check if an order is marked paid: click "Mark paid" on a delivered order, then "Mark paid"	"Marked as paid." appears			
			Check if a note is added: click "Notes" on an order, type a note, then click "Send"	The note is added under the order			
			Check if the orders refresh: click the "Refresh" button	The orders are loaded again			
Reports Module							
	1	Sales report					
			Check if the Sales report opens: click "Reports" in the sidebar	The Sales report appears			
			Check if each period shows its sales: click "Last 7 days", "Last 30 days", "This month" and "All time"	The figures, charts and tables change to each period			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			Check if custom dates are applied: click "Custom", choose a From and a To date, then click the "Apply" button	The report shows only that period			
			Check if the chart is grouped: click "Day", "Week" and "Month"	The revenue chart and table are grouped by day, week or month			
			Check if the report is exported: click the "Export CSV" button	The report is saved and "Sales report exported" appears			
			Check if the custom dates are empty: click "Custom", clear both dates, then click the "Apply" button	"Choose both a start and an end date" appears			
			Check if From is later than To: click "Custom", choose a From date later than the To date, then click the "Apply" button	"The start date is after the end date" appears			
			Check if the period has no sales to export: choose a period with no sales, then click the "Export CSV" button	"There is nothing to export for this period" appears			
	2	Stock planning					
			Check if the forecast is shown: click the "Stock planning" tab	The 30-day forecast, What to reorder, Too much stock and How good is the forecast appear			
			Check if the forecast refreshes: click the "Refresh" button	The forecast and the stock planning figures are worked out again			
			Check if the reorder list is exported: click the "Export list" button	The reorder list is saved and "Reorder list exported" appears			
			Check if a product's forecast is shown: click "Selling fast", then click a product in All products	Only fast-selling products are listed. The product's sales history and forecast appear			
			Check if the detail closes: click the "Close" button	The product detail closes. Stock planning shows again			
	3	Void requests					
			Check if the void requests are listed: click the "Void requests" tab	The sales cashiers asked to void are listed with the reason			
			Check if a requested sale is voided: click "Void sale" on a request, then confirm	"Sale voided and its items returned to stock" appears			
			Check if a requested sale is kept: click "Keep sale" on a request, then confirm	"Request dismissed. The sale stands." appears			
	4	Activity log					
			Check if the activity log is filtered: click the "Activity log" tab, then choose an action and an area	Only the records of that action and area are listed			
			Check if the log refreshes: click the "Refresh"	The activity log is loaded again

			button				
Notifications Module							
	1	Notifications					
			Check if the Notifications page opens: click the Notifications bell, then "View all notifications →"	The Notifications page opens			
			Check if the notices are filtered: choose a type in All Types and a status in All Status	Only those notifications are listed			
			Check if a notice is marked read: click "Mark as read" (the check button) beside a notification	It is marked read and the unread count goes down			
			Check if all notices are marked read: click the "Mark all read" button	"All notifications marked as read" appears			
			Check if read notices are cleared: click the "Clear read" button, then confirm	"Notifications cleared" appears			
			Check if the notices refresh: click the "Refresh" button	The notifications are loaded again			
User Management Module							
	1	Add user					
			Check if the Users page opens: click "Users" in the sidebar	The list of users appears			
			Check if the Add user window opens: click the "Add user" button	The Add New User window opens			
			Check if the email code is sent: enter the email, then click the "Send code" button	A 6-digit code is emailed to that address			
			Check if a complete user is created: enter the code, Full name, Username, Role and Password, then click the "Create user" button	"User created" appears and the user is in the list			
			Check if adding can be cancelled: click "Add user", then the "Cancel" button	The window closes without saving. Users shows again			
			Check if the full name is empty: click "Add user", leave Full name empty, then click the "Create user" button	A small note "Please fill out this field." appears on Full name and nothing is saved			
			Check if the email has no @: enter an email without @	A small note "Please include an '@' in the email address." appears			
			Check if the password is too weak: enter a password without a number, then click the	"Password too weak" appears with "Add at least one number (0–9)."			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			"Create user" button				
			Check if the username is already taken: enter a username that is already taken, then click the "Create user" button	"Username already taken" appears			
			Check if the email is already used: enter an email that another account already uses	"That email address is already used by (username)." appears			
			Check if the email code is wrong: enter a wrong 6-digit code, then click the "Create user" button	"That code is not correct. (n) attempt(s) left." appears			
	2	Manage users					
			Check if a user edit is saved: click "Edit" on a user, change the details, then click "Update user"	The user's details are saved			
			Check if a user is deactivated: click "Deactivate" on another user, then the "Yes, deactivate" button	"Account deactivated" appears. That user can no longer sign in			
			Check if a user is restored: tick "Show deactivated", then click "Restore" on the user and confirm	"Account restored" appears			
			Check if a password reset is approved: click "Approve and email link" on a password reset request	The request is approved and the reset link is emailed			
Settings Module							
	1	Profile					
			Check if the Profile tab opens: click the Settings (gear) icon	The Profile tab appears			
			Check if the profile is saved: change the full name, then click the "Save changes" button	"Profile updated" appears			
			Check if a photo is uploaded: click the "Upload photo" button and choose a picture	The new profile photo appears			
			Check if the photo is removed: click the "Remove" button	The profile photo is removed			
			Check if the full name is empty: clear the full name, then click the "Save changes" button	"Please enter your full name" appears			
			Check if the photo is not a picture: click the "Upload photo" button and choose a file that is not a picture	"Choose a PNG, JPG, WEBP or GIF picture." appears			
			Check if the photo is larger than 10 MB: click the "Upload photo" button and choose a picture larger than 10 MB	"This picture is (n) MB. Choose one of 10 MB or less." appears and the photo does not change			
	2	Password					

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			Check if the password is changed: click the "Password" tab, enter the current, new and confirm password, then click the "Update password" button	"Password changed" appears			
			Check if the current password is wrong: enter a wrong current password, then click the "Update password" button	"Password not changed" appears with "Current password is incorrect"			
			Check if the two passwords do not match: enter a different password in Confirm new password, then click the "Update password" button	"Passwords do not match" appears			
	3	Preferences					
			Check if the discount limit is saved: click the "Preferences" tab, enter the cashier discount limit, then click the "Save limit" button	"Cashiers can now discount up to (n)%" appears
