| AUTHENTICATION MODULE | | | | | | | |
| | Sign in | | | | | | |
| | | 1 | Open FETCH in the browser by going to https://risha-pets.onrender.com | The **Sign in** page opens with the **Username** and **Password** fields, the **Keep me signed in** box and the **Sign in** button | | | |
| | | 2 | Type a valid username and a valid password, then click the eye icon at the right of the **Password** field twice | The password is shown as text, then hidden again in dot characters | | | |
| | | 3 | Tick the **Keep me signed in** box below the **Password** field | The box is ticked, and the note below it says the account stays signed in on this browser for 7 days and to leave it off on a shared till | | | |
| | | 4 | Click the **Sign in** button | The **Point of sale** opens. The sidebar is on the left side, and the account picture is at its lower-left | | | |
| | | 5 | Close the browser, then open https://risha-pets.onrender.com again | The **Point of sale** opens right away without asking to sign in again | | | |
| | | 6 | On the **Sign in** page, if you forgot your password, click **Forgot your password?** below the **Sign in** button | The **Reset your password** window opens. The username is already filled in if it was typed on the **Sign in** page | | | |
| | | 7 | Type a valid username or a valid email, then click **Ask for a reset** | A message says that the request is sent to an administrator for approval | | | |
| | | 8 | After an administrator approves the request, open the reset link sent to the email | The **Choose a new password** page opens | | | |
| | | 9 | Type a valid new password in both fields (example: Risha@2026), then click **Save new password** | "Password has been reset" is shown, then the page goes back to **Sign in** | | | |

| POINT OF SALE MODULE | | | | | | | |
| | **Starting cash** | | | | | | |
| | | 1 | Sign in as Cashier using a valid username and a valid password at the start of the day | The **Starting cash** window opens and asks for the cash in the drawer | | | |
| | | 2 | Enter the cash in **Cash in the drawer now (₱)** (example: 500), then click **Save starting cash** | "Starting cash saved: ₱500.00" is shown at the top of the screen | | | |
| | **Product search** | | | | | | |
| | | 1 | Scan a product's barcode, or type it in the **Scan barcode** box at the upper-left, then press Enter | The product is added to the **Current sale** on the right side | | | |
| | | 2 | Type a product name in the **Search products** box at the right of **Scan barcode** (example: Aozi) | Only the matching products are shown in the product list | | | |
| | | 3 | Click a category in the list at the left (example: Food) | Only the products in that category are shown | | | |
| | **Current sale** | | | | | | |
| | | 1 | Click a product in the list, or its **Add** button | "(product) added to cart" is shown and the product is listed in the **Current sale** | | | |
| | | 2 | In the **Current sale**, click the **+** button of the item, then the **−** button | The quantity goes up by one, then down by one, and the total changes with it | | | |
| | | 3 | Type the customer's name and a valid contact number in **Customer (optional)** and **Phone (optional)** (example: Maria Santos) | If the customer's name and contact number are entered, they are shown on the receipt | | | |
| | | 4 | Enter a discount in the **Discount** box that is higher than the limit set by the administrator, shown beside the box (example: 15% when it says up to 10%) | "The largest discount allowed is 10%" is shown and the discount is changed to 10% | | | |
| | | 5 | Enter a discount within the administrator's limit (example: 5%) | The discount amount is computed and the total goes down | | | |
| | **Payment** | | | | | | |
| | | 1 | Under **Cash received**, click **Exact** | The cash received is filled in with the total, and the change is computed and shown | | | |
| | | 2 | Click the number buttons beside **Exact** one at a time: **+20**, **+50**, **+100**, **+500** and **+1000** | Each button adds its amount to the cash received, and the change goes up by the same amount | | | |
| | | 3 | Click the yellow **Charge** button at the lower-right | The **Confirm cash sale** window shows the items ordered, subtotal, discount, total, payment, cash received, change and customer | | | |
| | | 4 | Click **Complete sale** | "Sale completed!" is shown, the stock goes down and the receipt prints | | | |
