- **In Progress (Test is still in progress or not yet done)**
- **Open (Not yet tested)**

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
Login Module							
	1	Completeness Check					
			Check if Username is empty: leave Username empty, then click Sign in	A tooltip "Please fill out this field." is displayed on Username			
	2	Format Check					
			Check if the password has no number: enter a new password without a number	A message "Password must contain at least one number (0–9)" is displayed			
	3	Range Check					
			Check if a 6th wrong sign-in is blocked: enter a wrong password 5 times within 15 minutes, then try a 6th time	A message "Too many login attempts. Try again in (seconds)s." is displayed and sign-in is refused			
	4	Consistency Check					
			Check if the two passwords do not match: open a reset link, enter a new password and a different password in Confirm password, then click Save new password	A message "Passwords do not match." is displayed and the password is not changed			
	5	Database Check					
			Check if the password is wrong: enter a username with a wrong password, then click Sign in	A message "Invalid username or password" is displayed			
	6	System Check					
			Check if the Supplier opens the Supplier Portal: sign in as Supplier	The Supplier Portal opens with four figures (Waiting for you, To ship, On the way, Your rating) and the tabs Open orders, Payments, Products, Rating, Past orders and My details			
			Check if "Keep me signed in" keeps the session: tick "Keep me signed in", sign in, close the browser and open FETCH again	The user is still signed in			
Navigation							

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
Module							
	1	Consistency Check					
			Check if a supplier can open the Dashboard: sign in as Supplier, then type the address of the Dashboard (dashboard.html)	The page does not open: the supplier is returned to the Supplier Portal			
Settings Module							
	1	Completeness Check					
			Check if Full name is empty: in Profile, clear Full name, then click Save changes	A message "Please enter your full name" is displayed			
	2	Format Check					
			Check if the email has no @: in Profile, enter an email without @, then click Save changes	A message "Please enter a valid email address" is displayed			
	3	Consistency Check					
			Check if the two passwords do not match: in Password, enter a different password in Confirm new password	A message "Passwords do not match" is displayed			
	4	Database Check					
			Check if the current password is wrong: in Password, enter a wrong current password, then click Update password	A message "Password not changed" is displayed with "Current password is incorrect"			
	5	System Check					
			Check if the password is changed: in Password, enter the current password and the same new password twice, then click Update password	A message "Password changed" is displayed, and the new password works the next time the user signs in			
Supplier Portal Module							
	1	Completeness Check					
			Check if the delivery date is empty: click Confirm order and leave the delivery date empty	A message "Choose the date you will deliver" is displayed			
	2	Format Check					
			Check if the receipt number has * or @: enter a receipt number with * or @	A message "The receipt number can use letters, numbers, spaces and . / # _ - only." is displayed			
	3	Range Check					
			Check if the delivery date is in the past: click Confirm order and type a delivery date in the past	A message "The delivery date cannot be in the past." is displayed			
	4	Consistency Check					
			Check if another supplier's order is listed: look for an order the shop placed with another supplier	It is not listed			

MODULE	NO.	TESTCASE	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
			Check if the numbers on the tabs match: look at the Open orders, Payments and Products tabs	Each number says what it counts and matches the list: "to do" equals Waiting for you plus To ship, "unpaid" matches the Payments list, and "low" matches the products marked Running low			
	5	Database Check					
			Check if the contact details are saved: click the My details tab, then Edit contact details, change them, then click Save details	A message "Your details were updated." is displayed			
	6	System Check					
			Check if the stars match the shop's: look at Your rating at the top of the portal, then the Rating tab	It shows the same stars and conditions as the shop's Performance window, and whether it meets the standard (4 stars or more)			
			Check if a price proposal reaches the shop: click the Products tab, then Change price on a product, and enter a price different from the current one	The proposal is sent to the shop
