		Open (Not yet tested)	

Module	TESTCASE	ID	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
SUPPLIER							
AUTHENTICATION MODULE							
	Sign in						
		1	Open FETCH in the browser by going to https://risha-pets.onrender.com	The **Sign in** page opens with the **Username** and **Password** fields, the **Keep me signed in** box and the **Sign in** button			
		2	Type a valid username and a valid password, then click the eye icon at the right of the **Password** field twice	The eye icon shows once something is typed. The password is shown as text, then hidden again in dot characters			
		3	Tick the **Keep me signed in** box below the **Password** field	The box is ticked, and the note below it says the account stays signed in on this browser for 7 days			
		4	Click the **Sign in** button	The **Supplier portal** opens. The sidebar is on the left side, and the account picture is at its lower-left			
		5	Close the browser, then open https://risha-pets.onrender.com again	The **Supplier portal** opens right away without asking to sign in again			
		6	On the **Sign in** page, if you forgot your password, click **Forgot your password?** below the **Sign in** button	The **Reset your password** window opens. The username is already filled in if it was typed on the **Sign in** page			
		7	Type a valid username or a valid email, then click **Ask for a reset**	A message says that the request is sent to an administrator for approval			
		8	After an administrator approves the request, open the reset link sent to the email	The **Choose a new password** page opens			
		9	Type a valid new password in both fields (example: Risha@2026), then click **Save new password**	"Password has been reset" is shown, then the page goes back to **Sign in**			

Module	TESTCASE	ID	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
SUPPLIER PORTAL MODULE							
	Portal overview						
		1	Sign in as Supplier using a valid username and a valid password	The **Supplier portal** opens with **Waiting for you**, **To ship**, **On the way** and **Your rating** at the top, and the tabs below them			
		2	Look at the **Open orders** tab	Only the supplier's own orders are shown, each as a box with its progress, dates, **Products (N)** and **Quantity**, and its next step			
	Vacation						
		1	Click **Go on vacation** beside the status at the top, then **Go on vacation**	The status reads **On vacation**, and the shop sees it in Suppliers and before it sends an order			
		2	Click **I'm back**, then **I'm back**	The status reads **Active** again			
	Order offer						
		1	Click **Offer an order** under the **Open orders** heading	The **Offer an order** window opens with the supplier's products. The ones running low at the shop are filled in			
		2	Type a product name in **Search your products**	Only the matching products are listed; quantities already typed stay			
		3	Enter a quantity not greater than 10,000, choose a date not greater than a year in **Date you could deliver**, then click **Send offer**	"Offer sent. It becomes an order if the shop accepts it." is shown, and the offer is listed as waiting for the shop			
		4	Click **Cancel offer** on that offer, type a reason (example: Out of stock), then click **Cancel offer**	"Offer cancelled. The shop has been told." is shown, and **Past orders** lists it as "Cancelled by you" with the reason			
	New product offer						
		1	Click **Offer a new product** under the **Open orders** heading, fill in the name, brand, what it is, pet, unit, price, about and a picture (example: AOZI Senior Lamb 1kg, ₱1,250.50), then click **Send to the shop**	"Sent to the shop. You will see here whether they add it." is shown, and **Products → New products you offered** lists it as waiting			
	Order confirmation						
		1	Click the **Confirm order** button on an order waiting for confirmation	A window asks for the **Date you will deliver** and **How many of each you can send**			

Module	TESTCASE	ID	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
		2	Choose the delivery date (today or later, and not more than a year away), check the quantities (each not more than ordered, at least one above 0), then click **Confirm order**	"Order confirmed." is shown and the order is marked confirmed			
	Shipping						
		1	Click the **Mark as shipped** button on a confirmed order	A window asks for the delivery receipt or invoice number			
		2	Enter the receipt number (example: DR-10452), then click **Mark as shipped**	"Order marked as shipped." is shown and the order is marked **Shipped**			
	Delivery date						
		1	Click **Change delivery date** on an order, choose the new date (today or later, and not more than a year away), type the reason in **Why it changed**, then click **Save new date**	"Delivery date updated." is shown with the new date			
	Order notes						
		1	Click **Notes** on an order, type a note, then click **Send**	The note is added under the order and the shop can read it			
	Payments						
		1	Click the **Payments** tab	The delivered orders that the shop has not paid yet are listed with the amount and due date, together with the supplier's payment terms. Each unpaid row has a badge: **Due in N days** (within 7 days), **Due today** or **N days overdue**; the note at the top counts them, and the tab shows how many are overdue			
		2	Under **Paid by the shop**, click **Receipt** on an order the shop has paid	The **Payment receipt** opens with its receipt number, the order, the amount, how it was paid and the reference, with a **Print** button			
	Price changes						
		1	Click the **Products** tab	The products the supplier supplies are listed with the shop's stock, reorder level, status, expected sales for the next 30 days and the price			
		2	Click **Change price** at the right of a product	The **Propose a new price** window opens with the current price			

Module	TESTCASE	ID	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
		3	Enter the new price in **New price (₱)** and the reason, then click **Send to the shop**	"Sent to the shop for approval. The current price stays until they agree." is shown, and **Change price** becomes **Cancel proposal**			
		4	Click **Cancel proposal** on the same product, then confirm	"Price change cancelled. Your current price stays." is shown			
		5	Click the red "₱… declined: …" line of a product whose price change was declined	A window shows what was proposed, the price then and now, your reason, when it was sent and declined, by whom, the shop's reason, and **Propose another price**			
	Supplier rating						
		1	Click the **Rating** tab	**How you are doing** shows the star rating, its badge and summary on the left, the five checks with ✓ or and their values on the right, and four figures underneath: delivered on time, delivered in full, average time to deliver and orders delivered			
	Past orders						
		1	Click the **Past orders** tab	The orders already received or cancelled are listed with the items, status and total, with a search box and a filter; a paid order has a **Receipt** button			
		2	Type an order number or a product in the search box, then choose **Cancelled** in **All past orders**	Only the matching past orders are listed, with "N of M past orders"			
		3	Clear the search, choose **Received and paid**, then click **Receipt** on an order	Its **Payment receipt** opens, with a **Print** button			
SETTINGS MODULE							
	Profile						
		1	Click the account picture at the lower-left of the sidebar	The **Settings** page opens on the **Profile** tab with the supplier's name and email			
		2	Click **Upload photo**, then choose a picture from the computer	"Profile photo updated" is shown and the picture appears at the lower-left of the sidebar			
		3	Under **Company details** on the same page, change the phone number (example: 0928 123 4567; 11 digits at most for the Philippines), then click **Save company details**	"Your details were updated." is shown			

Module	TESTCASE	ID	DESCRIPTION	EXPECTED RESULT	ACTUAL RESULT	COMMENT	STATUS
	Password						
		1	Click the **Password** tab, enter the valid current password and a valid new password twice, then click **Update password**	"Password changed" is shown			
LOGOUT MODULE							
	Sign out						
		1	Click the logout icon at the lower-left corner of the sidebar	A question asks "Are you sure you want to logout?"			
		2	Click **Log out**	The user is signed out and the **Sign in** page opens
